

# Sychpwll

Llandrinio, Powys, SY22 6SH

At the hump back bridge on the B4393 turn left if coming from Llandrinio before you actually go over the bridge. If coming on the B4393 from Shrewsbury, go over the bridge and take an immediate right.

Keep on this road for around one mile until reaching the second road on the right, marked by a telegraph pole on the corner (if you come to a turning on the left, you've gone too far). Take this right turn and follow down the straight road, round the right angle corner and follow to the bottom of the next straight road, keep right as the tarmac road ends and the driveway will take you to Sychpwll.
